Technical Information

Plate Size	- 210 x 100 x 10mm
Max. Printing Area	- 85 dia
Printing Speed	- 1800 Prints / Hour
Max. Height of Product	- 200 mm
Drive	- Pneumatic
Compressed Air Connection	- 6 - 8 bar working pressure
Electronic Control System	- With 10 inputs & 6 outputs for peripheral units
Pad Vertical Stroke	- Maximum 100mm infinitely adjustable
Speed Adjustment	- Infinitely adjust
Dimensions	- Length - 700 mm x Width - 320 mm x Height - 800 mm
Weight	- 65 Kgs.

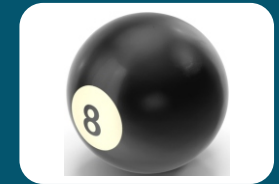

Features

The Model EPS 90F is the most advance micro processor based, pneumatically operated pick and place type Printing Material

This machine is most suitable for printing on this product. Infinitely adjustable height ensure consistent quality. This is achieved through a programmed soft touch machine panel. Due to its high productivity, EPS 90F is cost effective and amazingly simple to operate.

Brilliance combines with globally accepted printing and marking technology, Hi-Link Printing Technologies Automatic, Semi automatic, Standard systems are capable to mark on any material, surface, shape from on color to six colors with high printing and marking speed and precision.

Our range of machine enable you to printing speed of over 1800 impressions per hour in single Color and 1000 impressions in multi colors.
